Sweet Land of Liberty is an epic, revelatory account of the abiding quest for justice in states from Illinois to New York, and of how the intense northern struggle differed from and was inspired by the fight down South.

The changing midwest as captured in new stories and select favorites by award-winning writer Will Weaver

Sweet Land of Liberty is Thomas J. Sugrue ' s epic account of the abiding quest for racial equality in states from Illinois to New York, and of how the intense northern struggle differed from and was inspired by the fight down South. Sugrue ' s panoramic view sweeps from the 1920s to the present – more than eighty of the most decisive years in American history. He uncovers the forgotten stories of battles to

open up lunch counters, beaches, and movie theaters in the North; the untold history of struggles against Jim Crow schools in northern towns; the dramatic story of racial conflict in northern cities and suburbs; and the long and tangled histories of integration and black power. Filled with unforgettable characters and riveting incidents, and making use of information and accounts both public and private, such as the writings of obscure African American journalists and the records of civil rights and black power groups, *Sweet Land of Liberty* creates an indelible history.

The epic tale of an endangered Newfoundland community and the struggles of one man determined to resist its extinction. The scarcely populated town of Sweetland clings to the shore of a remote Canadian island. Its slow decline has finally reached a head, with the mainland

government offering each islander a generous resettlement package—the only stipulation being that everyone must leave. Fierce and enigmatic Moses Sweetland, whose ancestors founded the island, is determined to refuse. As one by one his neighbors relent, he recalls the town's rugged history and its eccentric cast of characters. For fans of *The Shipping News*, Michael Crummey's prose conjures up the mythical, sublime world of Sweetland's past amid a storm-battered landscape haunted by local lore. In a spare style that belies "huge emotional depth and heart" (Celeste Ng, author of *Everything I Never Told You*), Crummey masterfully weaves together the past and present, creating in Sweetland a spectacular portrait of one man's battle to survive as his world vanishes around him. An assortment of short fiction ranges across America, from Alaska to the District of Columbia, as it explores the complexities of modern life in such stories as "Jolene: a life," "A House on the Plains," "Baby Wilson," and "Walter John Harmon."

In *Sweet Land of Liberty*, Tom Sancton examines how the French left perceived and used the image of the United States against the backdrop of major historical developments in both countries between the Revolution of 1848 and the Paris Commune of 1871. Along the way, he weaves in the voices of scores of French observers—including those of everyday French citizens as well as those of prominent thinkers and politicians such as Alexis de Tocqueville, Victor Hugo, and Georges

Clemenceau—as they looked to the democratic ideals of their American counterparts in the face of rising authoritarianism on the European continent. Louis Napoleon ’ s bloody coup in December 1851 disbanded France ’ s Second Republic and ushered in an era of increased political oppression, effectively forging together a disparate group of dissidents who embraced the tradition of the French Revolution and advocated for popular government. As they pursued their opposition to the Bonapartist regime, the French left looked to the American example as both a democratic model and a source of ideological support in favor of political liberty. During the 1850s, however, the left grew increasingly wary of the United States, as slavery, rapacious expansionism, and sectional frictions tarnished its image and diminished its usefulness. The Civil War, Sancton argues, marked a critical turning

Download File PDF Sweet Land

point. While Napoleon III considered joint Anglo-French recognition of the Confederacy and launched an ill-fated invasion of Mexico, his opponents on the left feared the collapse of the great American experiment in democracy and popular government. The Emancipation Proclamation, the Union victory, and Lincoln ' s assassination ignited powerful pro-American sentiment among the French left that galvanized their opposition to the imperial regime. After the fall of the Second Empire and the founding of the conservative Third Republic in 1870, the relevance of the American example waned. Moderate republicans no longer needed the American model, while the more progressive left became increasingly radicalized following the bloody repression of the Commune in 1871. Sancton argues that the corruption and excesses of Gilded Age America established the groundwork for the anti-

Download File PDF Sweet Land

American fervor that came to characterize the French left throughout much of the twentieth century. Sweet Land of Liberty counters the long-held assumption that French workers, despite the distress caused by a severe cotton famine in the South, steadfastly supported the North during the Civil War out of a sense of solidarity with American slaves and lofty ideas of liberty. On the contrary, many workers backed the South, hoped for an end to fighting, and urged French government intervention. More broadly, Sancton ' s analysis shows that the American example, though useful to the left, proved ill-adapted to French republican traditions rooted in the Great Revolution of 1789. For all the ritual evocations of Lafayette and the “ traditional Franco-American friendship, ” the two republics evolved in disparate ways as each endured social turmoil and political upheaval during the second half of the

This inspiring story of little-known civil rights champion Oscar Chapman reminds readers that one person can truly make a difference. On Easter Sunday 1939, Marian Anderson performed at the foot of the Lincoln Memorial for a crowd of over 75,000 people. The person largely responsible for putting her there was a white man, Oscar Chapman. When Chapman learned that Marian Anderson was not allowed to sing at Constitution Hall because of the color of her skin, Chapman helped produce a landmark concert that for at least one evening bridged the color divide to bring a city and much of the nation together. Award-winning author Deborah Hopkinson tells the inspirational story of Oscar Chapman's lifelong commitment to ending bigotry. Illustrator Leonard Jenkins's remarkable illustrations recreate a bygone era and pay tribute to remarkable real-life people and a magical moment in modern

history. An author's note provides additional historical context.

A powerful and moving account of the campaign for civil rights in modern America. Robert Cook is concerned less with charismatic leaders like Martin Luther King, and more with the ordinary men and women who were mobilised by the grass-roots activities of civil-rights workers and community leaders. He begins with the development of segregation in the late nineteenth century, but his main focus is on the continuing struggle this century. It is a dramatic story of many achievements - even if in many respects it is also a record of unfinished business.
