The book is brief. Luckily I grew up in an Igbo household so there are some things that came quickly to me, but overall I don't think this book is going to help most. However it is a great start, good for vocabulary and using action verbs. Another section on Igbo traditions, marriage and funerals, was nice. But not needed, just added pages.

Offers five thousand vocabulary entries arranged in thirty-four sections dealing with aspects of daily life.

Customer Review "This is a fantastic resource for children learning the Igbo language and a refresher for parents too. Illustrated contents means very young children can use this. 'Things Fall Apart' tells the story of Okonkwo, an important man in the Igbo tribe in the days when white men were first on the scene. Okonkwo becomes exiled from his tribe, as a result of his pride and his fears, with tragic consequences.

Princess Ndidi Adeobi is an exchange student from Nigeria who has just completed a tour of the States as an African storyteller. Her journey ends at Glen County, Georgia where she meets Doctor David Manning, a handsome young native of St. Simons Island. David is a direct descendant of an Ibo man who survived an infamous slave rebellion and mass suicide that occurred on the island during the early nineteenth century. After visiting the site where the drowning occurred, Ndidi becomes convinced that the physician is her reincarnated lover from another time and place.

This is a complete Vietnamese language course designed for college or high school-level classroom use or self-study. Since its publication in 1998, Elementary Vietnamese has become the leading book for anyone wishing to learn Vietnamese, and an invaluable resource for people traveling, studying or working in Vietnam. This beginner Vietnamese book was originally developed for classroom use at Harvard University, where it has been field-tested for many years. This revised Third Edition has been thoroughly updated to reflect recent developments in Vietnamese speech patterns and culture over the past decade. The primary focus of Elementary Vietnamese is to assist learners in developing necessary skills in listening, speaking, writing and reading the language. It serves a secondary function as a general introduction to modern Vietnamese society and culture, with dialogues, cultural notes, exercises and readings drawn from contemporary life and popular media there. Elementary Vietnamese is designed for efficient self-study as well as for use in a college-level classroom. Features of the Third Edition include: Many hours of new audio recordings by native Vietnamese speakers. Innovative pronunciation drills to help you to achieve near-native pronunciation ability. New usage examples, cultural notes, and exercises along with photos showing life in Vietnam today. A guide for instructors ("New Edition Notes") detailing changes made in the Third Edition. The MP3 audio recordings which accompany this book are of native Vietnamese speakers. These recordings cover: All dialogues, narratives and vocabulary. Grammar and usage notes. Everyday Vietnamese idioms and expressions. A unique set of pronunciation drills to help you speak like a native. Commonly-used proverbs, to help you speak and understand colloquial Vietnamese.

Readings for Amerigerian Igbo was written to be a legacy, road map and information source for American-born Nigerian children (Amerigerians) who, unlike their Nigerian-born and raised parents, did not get the chance to be born and raised in Nigerian culture. This generation has significant language and cultural deficiencies with regard to their Nigerian root. This book was written to help this later generation, and other like future generations, to understand better the nature of their root, and what to do to help facilitate their connection to that root. A rootless human being often feels like someone who dropped out of the sky with no known origin. Such a life has a tendency to bounce around with little or no anchor. Often, people with that type of background have a tendency to lose hope of striving, as they encounter difficult life problems in their new and emerging world. During the 1970s and early 1980s, there was a mass exodus of Nigerian students to American colleges and universities. Since then, most American-educated Nigerian graduates are forced to find jobs and settle in the United States. Being relatively new in the United States, the Nigerian community is emerging and discovering that there are problems associated with settling in the United State after all. One of those problems deals with educating and acclimatizing their American-born children with the ethos of life in the Nigeria that these parents left behind as students. Highlights of the book include: history and background of Nigerians who studied in the United States; how Amerigerians situation evolved; what has been done to help solve the problem; the realities of things and inevitable challenges for Amerigerians; dealing with Amerigerians situation, i.e. what Amerigerians can do; roses in our culture; and some helpful lessons to speaking the Igbo language.
