Whether you are writing a thesis, dissertation, or research paper it is a key task to survey prior literature and research findings. Especially, you will be looking for trusted resources, most likely peer reviewed research articles. Academic research databases make it easy to locate the literature you are looking for.

~~The best academic research databases [2019 update] — Paperpile~~

A term paper is a research paper written by students over an academic term, accounting for a large part of a grade. Merriam-Webster defines it as "a major written assignment in a school or college course representative of a student's achievement during a term". Term papers are generally intended to describe an event, a concept, or argue a point.

~~Term paper — Wikipedia~~

Research papers are academic papers typically

File Type PDF Term Paper Search

written for high school- or college-level courses. A research paper is more than collecting various pieces of information. The goal of this paper is to argue a point or analyze a perspective in your own words, which is then factually backed by outside information. If you are writing a sample research paper, you must properly introduce this paper so ...
