While lying in a coma in an Edinburgh hospital, Roy Strang experiences strange hallucinatory adventures that recount how he came to be in his current state, from his struggles with his disturbed family to a bizarre quest in Africa

Three stories explore different aspects of love, with a bedridden romance writer exacting revenge on her husband, a flawed beauty trying to get back at the man who marketed the drug that crippled her from birth, and the changing relationship of a miserabl

Trainspotting, is up to his old tricks with his new work of transgressive short fiction. Irvine Welsh's first short-story collection since his debut work *The Acid House* presents five extraordinary stories, which remind us that he is a master of the short form, a brilliant storyteller, and—unarguably—one of today's funniest and most subversive writers. In "Rattlesnakes" three young Americans, lost in the desert, are accosted by two armed Mexicans. A Korean chef and a Chicago socialite find themselves connected through the disappearance of a pooch named Toto in "The

D.O.G.S. of Lincoln Park." And in the title story, Mickey Baker—an ex-pat English bar owner living on the Costa Brava—tries to keep all of his balls in the air: maintaining his barmaid's weight at the sexual maximum, attending to the youthful Persephone, and dodging his ex-wife and Spanish gangsters. In typically Welshian fashion, the characters and settings are anything but typical. These stories will make you laugh and gasp.

With the Christmas season upon him, Detective Sergeant Bruce Robertson of Edinburgh's finest is

gearing up socially-kicking things off with a week of sex and drugs in Amsterdam. There are some sizable flies in the ointment, though: a missing wife and child, a nagging cocaine habit, some painful below-the-belt eczema, and a string of demanding extramarital affairs. The last thing Robertson needs is a messy, racially fraught murder, even if it means overtime—and the opportunity to clinch the promotion he craves. Then there's that nutritionally demanding (and psychologically acute) intestinal parasite in his gut. Yes, things are going badly for this utterly

corrupt tribunal of the law, but in an Irvine Welsh novel nothing is ever so bad that it can't get a whole lot worse. . . .In Bruce Robertson Welsh has created one of the most compellingly misanthropic characters in contemporary fiction, in a dark and disturbing and often scabrously funny novel about the abuse of everything and everybody. up in the Edinburgh projects, Glue is about the loyalties, the experiences, and the secrets that hold friends together through three decades. The boys become men: Juice Terry, the work-shy fanny-merchant, with corkscrew curls and sticky fingers; Billy the boxer, driven, controlled, playing to his strengths; Carl, the Milky Bar Kid, drifting along to his own soundtrack; and the doomed Gally, exceedingly thin-skinned and vulnerable to catastrophe at every turn. mutual loyalty is fused in street morality: Back up your mates, don't hit women, and, most important, never snitch—on anyone. Glue has the Irvine Welsh trademarks—crackling dialogue, scabrous set pieces, and black, black humor—but it is also a grown-up book about growing up—about the way we live our lives, and what happens to us when things become unstuck. "Stocked with his usual quirky, sympathetic characters, this rollicking new tale sparkles with the writer's trademark satiric wit. escalation into commercial excess as MDMA became a mass-market narcotic. *Altered State* is the best-selling book on Ecstasy culture, using a cast of memorable characters to track the origins of the scene and its drug through psychedelic subcults, underground gay discos and the Balearic paradise of Ibiza, to the point where Tony Blair was using an Ecstasy anthem as an election campaign song. *Altered State* critically examines the ideologies and myths of the scene, documenting the criminal underside to the blissed-out image, shedding new light on the social history of the
