The handbook describes why architects are uniquely qualified to make important professional contributions in the political area. The recognition that a political dimension exists in architectural practice is an important first step for the AIA, and I applaud them for including it in the handbook." The Architects Handbook of Professional Practice (AHPP) Personally I think out of every supplementary book listed in this blogpost, the AHPP is probably the most important. AHPP is a crucial resource for PcM, but it is also a monster of a book. It can be intimidating, and sometimes people get lost when they dive directly into the AHPP.
