In the past eighteen months, investors have seen rapid, often intimidating changes in the stock market-tech stocks have soared and crashed and assets that shifted away from traditional blue chip companies have quickly shifted back again. In spite of this volatility however, there has been one constant: Warren Buffet's value investing strategies make money. In BUFFETOLOGY, Mary Buffet and David Clark unveiled the analysis techniques that made Warren Buffet the billionaire and investment icon he is today. Now in this companion workbook, the authors explain Buffet's system of business perspective investing, focusing on specific mathematical ratios and calculations. Written in clear, easy-to-understand language, THE BUFFETTOLOGY WORKBOOK offers everyone with or without an Internet connection the tools they'll need to apply the same kind of value analysis to readily available financial data that Warren Buffet does.

Published in 1997, the bestselling BUFFETTOLOGY was tailored to the conditions of investors in the midst of a long bull market. Now, four years later, that market has seen once hot tech stocks crash and investors scramble to move their assets, or what remains of them, back to the safety of traditional blue chip companies. As peaks turn to troughs, worried investors wonder if there are any constants in today's volatile market. The answer is yes: Warren Buffett's value investing strategies make money. And, as THE NEW BUFFETTOLOGY demonstrates, there is no time to acquire like today's bear market. THE NEW BUFFETTOLOGY is the first guide to Warren Buffett's strategy for exploiting down stocks - a strategy that has made him the world's second richest person. Designed to teach investors how to decipher and use financial information like Buffett himself, this one-of-a-kind guide walks readers step-by-step through the equations and formulas Buffett uses to determine what to invest in and, just as importantly, when. Authors Mary Buffett and David Clark explore Buffett's recent investments in detail, proving time and time again that his strategy has earned enormous profits at a time when no one expects them - and with almost zero risk to his capital.

At last, here is a book that reveals what the public really wants to know about this legendary investor: how he determines where he puts his money. From a team with privileged insight, Mary Buffett, a savvy CEO and Warren Buffett's former daughter-in-law, and David Clarke, a successful portfolio analyst, comes BUFFETTOLOGY, the most detailed explanation ever of the billionaire's unique investment techniques. Using Warren Buffett's system to access a company's potential economic excellence and the right price to pay for its stock, BUFFETTOLOGY demonstrates the actual mathematical models and equations, revolving around three variables: the yearly per share earnings figure, its predictability, and the market price of security. With BUFFETTOLOGY, individual investors will come to truly understand, and emulate, Warren Buffett's masterful insight, and see that investment is most intelligent when it is most businesslike.

With an insider's view of the mind of the master, Mary Buffett and David Clark have written a simple guide for reading financial statements from Buffett's successful perspective. They clearly outline

Warren Buffett's strategies in a way that will appeal to newcomers and seasoned Buffettologists alike. Inspired by the seminal work of Buffett's mentor, Benjamin Graham, this book presents Buffett's interpretation of financial statements with anecdotes and quotes from the master investor himself. Destined to become a classic in the world of investment books, Warren Buffett and the Interpretation of Financial Statements is the perfect companion volume to The New Buffettology and The Tao of Warren Buffett.

There are many ways to make money in today ' s market, but the one strategy that has truly proven itself over the years is value investing. Now, with The Little Book of Value Investing, Christopher Browne shows you how to use this wealth-building strategy to successfully buy bargain stocks around the world.

Warren Buffett's Stock Portfolio is the first book to take readers deep into Warren Buffett's investment portfolio. Each of Buffett's current stock investments is analyzed in detail with information as to why Buffett found these attractive businesses and how he determined that they are good long-term investments. Each company will be analyzed using the criteria outlined in Buffettology and Warren Buffett and the Interpretation of Financial Statements. The reader can then apply these techniques to a variety of other stocks and see if they meet Buffett's criteria. Although information about Warren Buffett's stock portfolio is available on-line, it is merely listings of the stocks Warren owns. No one else explains the criteria Warren uses to determine how and when to buy and sell. In addition this book will include stocks that are too new to be on-line. The authors will also look at a few top-performing stocks that Warren has sold in the last ten years.

Wisdom on Value Investing offers author Gabriel Wisdom's insights on succeeding in difficult markets. One of his favorite approaches—which is part classic value investing and part behavioral finance—is called "The Fallen Angels Investment Strategy," and it prepares investors to look past short-term value assumptions in order to capture profits. Throughout this book, Wisdom will show you how to capitalize on value plays where the fundamentals are actually strong, but the "general wisdom" surrounding the security has turned negative. He discusses how stocks with the most promise are ones that Wall Street has marked down without regard to their underlying value, and reveals how this type of intrinsic value discount provides a margin of safety during difficult times, and substantial upside rewards for those who find them early enough. Takes value investing one step further by mixing significant amounts of behavioral finance into the analysis. Prepares investors to take advantage of other's mistakes. A time-tested strategy for any type of market-up or down. A classic look at value investing with a twist, this book will put you in a better position to succeed in both bull and bear markets. Includes a Foreword by Mary Buffett and David Clark, authors of Buffettology.

An accessible introduction to the proven method of value investing. An ardent follower of Warren Buffett—the most high-profile value investor today—author Charles Mizrahi has long believed in the power of this proven approach.
