The Coming Conflict with China. From two former Beijing bureau chiefs with long experience in Asian affairs comes a clear-eyed and uncompromising look at the potentially disastrous collision course now taking shape in U.S.-China relations.

The Coming Conflict with China by Richard Bernstein

November 3, 2020. "The aim of this film is to break a silence: the United States and China may well be on the road to war, and nuclear war is no longer unthinkable," Pilger says in his 2016 documentary The Coming War on China, which you can watch free on Youtube here or on Vimeo here. "In a few years China has become the world's second-biggest economic power," Pilger's introduction continues.

The Pentagon is planning for war with China and Russia ...

Conflict is possible even in areas where China and the United States share interests, as with preventing trouble on the Korean peninsula. When Korea is finally reunified, as it almost surely will be, China will likely press for a withdrawal of American forces from northeast Asia, save for troops in Japan to inhibit remilitarization.
