The picture is clearer than we would like. In January of 2008, I published an article on "The Five Stages of Collapse," in which I defined the five stages, and then bravely stated that we are in the midst of a financial collapse.

## The Five Stages of Collapse - Resilience

Orlov postulates that a collapse of modern human society is imminent, and that it will go through following five distinct stages: 1. Financial collapse - breakdown of international and long-distance trade, credits, banks and other financial institutions. 2.

### ClubOrlov: The Five Stages of Collapse

If society prior to Stage 5 collapse can be said to be the historical norm for humans, Stage 5 collapse brings humanity to the verge of physical extinction. As we can easily imagine, the default is cascaded failure: each stage of collapse can easily lead to the next, perhaps even overlapping it.
