The Genesis Record is the only commentary on the complete Book of Genesis written by a creation scientist. Written as narrative exposition ratehr than a critical verse-by-verse analysis (although discussions on all important historical and scientific problems are woven into the narrative), this commentary is equally useful to both the theologically trained and the layperson.

The Genesis Record: A Scientific and Devotional Commentary . . .

The Genesis Record puts up a very good argument against Christian thinking that Genesis can include evolution theories and allegories. Now you can believe that every word and story actually happened and have the scientific logic to back it up!

The Genesis Record: A Scientific and Devotional Commentary . . .

Overview. The Genesis Record offers a scientific, devotional commentary on the complete book of Genesis written by a creationist scientist. Written as narrative exposition rather than a critical verse-by-verse analysis, this book is equally useful to both the theologically trained and the layperson. Morris writes from the conviction that the first eleven chapters of Genesis are as truly historical as the remaining thirty-nine.

The Genesis Record | Logos Bible Software
