The Horrors of the Church and Its Holy Inquisition

The Roman Catholic Church called the Council of Trent partly as a defense against Protestantism. In 1542, Pope Paul III (1534-49) established the Holy Office as the final court of appeal in trials of heresy. The Church also published a list of books that were forbidden to read. Heretical books were outlawed, and searched out by domiciliary visits.

Efforts to stamp out heresy led to the establishment of the Holy Inquisition, one of mankind's supreme horrors. In the early 1200s, local bishops were empowered to identify, try, and punish heretics. When the bishops proved ineffective, traveling papal inquisitors, usually Dominican priests, were sent from Rome to conduct the purge.

Borley Church Borley Church was built where once a wooden church stood at the time of the Norman Conquest in 1066. Of course, there are no traces of this old church anymore, but it was there according to historic documents. The church as we know it today is beautiful in its simplicity. But looks can be deceiving. Harry Bull

This book is the result of years of contemplating the story of the Black Church and their progress over more than 300 years. It was written in a simple style and easy to read format. It is intended to tell the story of the slaves and the progression of their church and their strong unwavering faith in their God. The book and its contents are not meant to be disturbing to any group. The book is intended to be read by the average Christian who may want to be more informed about the history of Black Church in the colonies and later in the fledging states. This is not pretty story it presents the slavery story in details as a remembrance about the horrors of slavery for all. The author identified the original denominations, groups and churches which constitutes the original Black Church. He provided a sampling of the heroes and heroines of the Church. This is a good well written book which can be useful in many ways It contains some firsthand knowledge about the civil rights issues of the 1960s and earlier. The relevance of the Black Church today is discussed. The author commented on the relevancy of churches today and the tasks which lay ahead for them in the future. The author's conclusion and recommendations have been developed throughout his reading and through his own experience as a church planter.

Horror's longstanding reputation as a popular but culturally denigrated genre has been challenged by a new wave of films mixing arthouse minimalism with established genre conventions. Variouslly dubbed 'elevated horror' and 'post-horror,' films such as *The Babadook*, *It Follows*, *The Witch*, *It Comes at Night*, *Get Out*, *The Invitation*, *Hereditary*, *Midsommar*, *A Ghost Story*, and *mother!* represent an emerging nexus of taste, politics, and style that has often earned outsized acclaim from critics and populist rejection by wider audiences. *Post-Horror* is the first full-length study of one of the most important and divisive movements in twenty-first-century horror cinema.

When you think of saints, you envision stained-glass pictures of piety. But the truth can be horribly different. Consider Saint Pius V: As Grand Inquisitor, he sent Catholic troops to kill 2,000 Waldensian Protestants in southern Italy. After becoming pope, he sent Catholic troops to kill Huguenot Protestants in France. Pius also launched the final crusade against Muslims, sending a Christian naval armada to slaughter thousands in the Battle of Lepanto in 1571. And, he intensified the Roman Inquisition, torturing and burning Catholics whose beliefs varied from official dogma. After his death, Pius was canonized a saint. Heaven help us.Holy Horrors chronicles the grim spectrum of religious persecution from ancient times to the present, including such historic massacres as the Crusades, the Islamic jihads, the Catholic wars against heretics, the Inquisition, witch hunts, the Reformation, and such atrocities as the Holocaust, the seemingly insoluble Catholic-Protestant schism in Northern Ireland, religious tribalism in Lebanon, and the barbaric cruelty of the theocracy in Iran. The antique woodcuts, paintings, prints, and contemporary photographs that illustrate the book are at once gruesome and riveting.At last, there is a book that crystallizes what so many have known in their hearts: religion is an incredibly divisive, destructive force. -OutpostsCenturies of religious madness packed into one finely crafted, all-too-true horror story. -PlayboyProbably the most comprehensive look ever taken at holy horrors, the book also deserves notice as an alternative history text. . . . Holy Horrors is not nice. But it contains facts which should not be forgotten or ignored. -Humanist News (Great Britain)

This is about the Catholic Church hypocritically shirking its moral responsibility and deliberately attacking our family for economic reasons.Compared to the serious global disgraces the Church is dealing with all the time, it is easy to dismiss this relatively minor but illuminating abuse of power against the moral code the Church is supposed to stand for and the hypocrisy displayed. We are just one family.My discovery of the real nature of the Catholic Church was too late to help my family. What is now clear to me is that deliberately devastating our family isn't out of character for the Catholic Church.The Catholic Church's efforts to devastate our family is consistent in the character of an organization that commits whatever atrocities necessary to retain profit and power. As the light of Truth illuminates the horrors of the Church, the guilty, like rats exposed to bright light, will scatter but still stay active. It is my hope that those who remain in the Catholic Church band together to eradicate those who betray the innocent and rely on shame to hide them in the shadows of victim guilt. Let Catholics rise up to rebel against the hypocrisy that dishonors the meaning of Christ, rots the core of the church and bring morality into the Catholic Church.My hope is that our loss serves as an example and catalyst for positive change among those who still believe the Catholic Church can be salvaged. Let our experience serve as a warning to all.
