The Personal Branding Phenomenon | On Careers | US News

Personal branding is much more than just a logo, color scheme, or personal image. The rise and domination of social media platforms has created entirely new categories of people that we now call "influencers" who seem to come out of nowhere and suddenly achieve celebrity status.

What Is Personal Branding and Why Is It Important for Your ...

Decades ago, branding was defined as a name, slogan, sign, symbol or design, or a combination of these elements, that distinguish one company, product, or service from another. Today, branding is more complex and even more important.

Why Branding Is Important in Marketing

Personal branding makes great use of the exposure effect. The more exposures to you and your personal brand (assuming your personal brand is initially seen in a neutral or positive light) eventually leads to a more positive perception of you. Familiarity with your personal brand is a hugely important facet in when developing your personal brand.
