presents Sensorimotor Psychotherapy with an updated vision for her work that advocates for an anti-racist, anti-oppression lens throughout the book. Working closely with four consultants, a mix of Sensorimotor Psychotherapy Institute graduates, trainers, consultants, and talented Sensorimotor Psychotherapists who have made social justice and sociocultural awareness the center of their work, this book expands the current conception of Sensorimotor Psychotherapy. Numerous composite cases with a variety of diverse clients bring the approach to life. This book will inspire practitioners to develop a deeper sensitivity to the issues and legacy of oppression and marginalization as they impact the field of psychology, as well as present topics of trauma and early attachment injuries, dissociation, dysregulation, and mindfulness through a Sensorimotor Psychotherapy lens.
