for further study.

Discourse analysis is a term that has come to have different interpretations for scholars working in different disciplines. For a sociolinguist, it is concerned mainly with the structure of social interaction manifested in conversation; for a psycholinguist, it is primarily concerned with the nature of comprehension of short written texts; for the computational linguist, it is concerned with producing operational models of text-understanding within highly

Download File PDF The Study Of Language George

limited contexts. In this textbook, first published in 1983, the authors provide an extensive overview of the many and diverse approaches to the study of discourse, but base their own approach centrally on the discipline which, to varying degrees, is common to them all - linguistics. Using a methodology which has much in common with descriptive linguistics, they offer a lucid and wide-ranging account of how forms of language are used in communication. Their principal concern is to examine how any language produced by man, whether spoken or written, is used

Download File PDF The Study Of Language George

to communicate for a purpose in a context.

Part travelogue and part scientist's notebook, *The Last Speakers* is the poignant chronicle of author K. David Harrison's expeditions around the world to meet with last speakers of vanishing languages. The speakers' eloquent reflections and candid photographs reveal little-known lifeways as well as revitalization efforts to teach disappearing languages to younger generations. Thought-provoking and engaging, this unique book

Download File PDF The Study Of Language George

illuminates the global language-extinction crisis through photos, graphics, interviews, traditional wisdom never before translated into English, and first-person essays that thrillingly convey the adventure of science and exploration.

This book raises the issue of what a teacher needs to know about English in order to teach it effectively. It leads teachers to awareness of the language through a wide range of tasks which involve them in analysing English to discover its underlying system.
