Martin Heidegger's work is pivotal in the history of modern European philosophy. The New Heidegger presents a comprehensive and stimulating overview of, and introduction to, the work of one of the most influential and controversial philosophers of our time. Heidegger has had an extraordinary impact on contemporary philosophical and extra-philosophical life: on deconstruction, hermeneutics, ontology, technology and techno-science, art and architecture, politics, psychotherapy, and ecology. The New Heidegger takes a thematic approach to Heidegger's work, covering not only the seminal Being and Time, but also Heidegger's lesser known works. Lively, clear and succinct, the book requires no prior knowledge of Heidegger and is an essential resource for anyone studying or teaching the work of this major modern philosopher.

Daily comforts from the gospel of Christ provide busy Christian women with brief but deep reminders of how his truths powerfully connect to their daily lives. Nothing comforts a woman's soul more than a fully understood and embraced gospel. But many women aren't finding solace in their relationship with Christ because they don't see how his life, death, and resurrection connect with soccer practices and swim lessons. Besides, they just don't have time to sit down and read a theology book, no matter how much they might hunger for God's truths. That's where Elyse Fitzpatrick's latest book comes in. Comforts from the Cross provides those well-intentioned women with bite-sized readings to remind them of their place in Christ and of his love and ministry in their busy lives. It also dusts off the facts of the gospel to show how ancient truths such as justification, sanctification, and redemption can free and enliven their souls every day. Even more, these five-minute celebrations of the gospel relieve readers of legalistic condemnation and empower them for joyful obedience by engendering fresh love for the Savior. A perfect choice for gift-giving or personal encouragement, Fitzpatrick's book helps active women grasp the practicality of the gospel message and experience its deep comforts.

Of Tyrants & Tellers is the book that this generation of men needs now more than ever. Take a look around and you will notice that the modern man is a soft, emasculated pansy lacking decisiveness and drive. But why? What exactly happened to the modern man? He was destroyed by a two-front attack: chemical and cultural warfare. This is no accident but rather a purposefully designed operation that has been implemented on a mass scale.
