USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah ' s unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents ' indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa ' s tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man ' s relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother ' s unconventional, unconditional love.

Written by a professional dog whisperer and dog owner, the Whoodle Complete Owner's Manual has the answers you may need when researching this friendly and popular designer dog that is a combination of Wheaten Terrier and Poodle. Learn about this intelligent and energetic hybrid dog that is loving and friendly and find out whether this medium to large sized companion dog with the social temperament will be the best choice for you and your family. She and her dog whispering team, which includes an 8-year-old Shih Tzu named Boris, teach dog psychology to humans, to help alleviate problem behaviors that arise between humans and their canine counterparts so that everyone can live a happy and stress-free life together. Covered in this book: - Temperament - Pros and Cons - Vital statistics - Before you buy - Choosing the right dog - Finding a breeder - Puppy proofing your home - The first weeks - Health and common health problems - Medical care & safety - Daily care - Feeding - Bad treats and snacks - Good treats and snacks - House training - Grooming - Training - Poisonous Foods & Plants - Caring for your aging dog .... and much more.

Each year approximately 250,000 Americans undergo total-knee-replacement surgery (also known as a total knee arthroplasty, or TKA). Every year, a million more consider it. If you are considering or have had a total knee replacement you should read this book. It will tell you everything you need to know to prepare for and recover from the surgery, and to get the most out of your new knee. The success of a total knee replacement depends on rehabilitating the knee after the operation -- in fact, the rehab is as important as the surgery itself. This book maps out the road to recovery with week-by-week exercises for a full year. The authors, a surgeon and physical therapist who have both been orthopedic patients, provide practical tips, success stories and personal insights into the recovery process. Most people, even surgeons, don't realize how dramatically arthritis can change a person's life. Author Jeff Falkel, Ph.D., was one of these people. Over the course of 20

We all have gone through rough patches in life: -Losing the dream job. -A relationship that went sideways. -The death of a loved one. -An investment tanking. When bad things happen in life, you can either let it define you or let it launch you. The choice is up to you! Speed Bumps are a part of life. We have all experienced them at one point, or many points, in our journey. So, how can you use your speed bumps to launch you into the life you were meant to live? Renown artist, Noah Elias, shares his story in Speed Bumps. You will see the good, the bad, and the ugly. More importantly, you will see how Noah took life's challenges and used them to launch into his sweet spot. Speed Bumps will also reveal the importance of having people in your life's journey that challenge you to launch. Through seeing the lessons that Noah learned because of his speed bumps, you too will learn how to launch into living in your sweet spot; and make the most out of your life!

Panther geckos (*Paroedura pictus*) are popular exotic pets thanks to their interesting markings and ease of care. Also known as the Madagascar ground gecko, this species hails from the island of Madagascar and is often found in the leaf litter of forests. Panther geckos are predominantly brown with black markings and big eyes. And they have a healthy appetite for crickets. They generally do well in captivity when given the proper environment, though they are typically quite timid and prefer not to be handled. These small geckos not only are known for their beautiful patterns but also for their interesting personalities. Juveniles can be jumpy but tend to calm down and become docile as they get older. Overall, panther geckos are nocturnal, so they won't be terribly active during the day. Although they're not ideal pets for homes with young children who might want to touch and hold the animal, panther geckos are suitable for first-time lizard owners who can commit to the animal's needs. These geckos don't respond well to stress. They don't like being handled and will bite as a warning if they feel threatened. (It's usually not much more than a warning bite and won't do much damage.) Panther geckos also can lose their tails when they feel stressed. The tail will regenerate eventually, though it will look different.
