She recognized that health and illness states are strongly influenced by culture and formulated the theory of Transcultural Nursing.

Transcultural nursing - SlideShare

Transcultural nursing is how professional nursing interacts with the concept of culture. Based in anthropology and nursing, it is supported by nursing theory, research, and practice. It is a specific cognitive specialty in nursing that focuses on global cultures and comparative cultural caring, health, and nursing phenomena. It was established in 1955 as a formal area of inquiry and practice. It is a body of knowledge that assists in providing culturally appropriate nursing care.
