The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

For elementary and lower-intermediate students who need to understand English as it is spoken in the UK and more widely.

Forty Days: Quarantine and the Traveller, c. 1700 –1900 provides a timely reminder that no traveller in past centuries could return from the East without spending up to 40 days in a lazaretto to ensure that no symptoms of plague were developing. Quarantine was performed in virtual prisons ranging from mud huts in the Danube basin to a converted fort on Malta, evoking every emotion from hatred and hostility through to resignation and even contentment. Drawing on the diaries and journals of some 300 men and women of many nationalities over more than two centuries, the author describes the inadequate accommodation, poor food and crushing boredom experienced by detainees. The book also draws attention to comradeship, sickness, and death in detention, as well as Casanova's unique ability to do what he did best even in the lazaretto of Ancona. Other well-known detainees included Hans Christian Andersen, Mark Twain and Sir Walter Scott. Lavishly illustrated, the work includes a gazetteer of 49 lazarettos in Europe and Asia Minor, with inmates' comments on each. This book will appeal to all those interested in the history of medicine and the history of travel.

"Like A Wrinkle in Time (Miranda's favorite book), When You Reach Me far surpasses the usual whodunit or sci-fi adventure to become an incandescent exploration of 'life, death, and the beauty of it all.'" —The Washington Post This Newbery Medal winner that has been called "smart and mesmerizing," (The New York Times) and "superb" (The Wall Street Journal) will appeal to readers of all types, especially those who are looking for a thought-provoking mystery with a mind-blowing twist. Shortly after a fall-out with her best friend, sixth grader Miranda starts receiving mysterious notes, and she doesn't know what to do. The notes tell her that she must write a letter—a true story, and that she can't share her mission with anyone. It would be easy to ignore the strange messages, except that whoever is leaving them has an uncanny ability to predict the future. If that is the case, then Miranda has a big problem—because the notes tell her that someone is going to die, and she might be too late to stop it. Winner of the Boston Globe–Horn Book Award for Fiction A New York Times Bestseller and Notable Book Five Starred Reviews A Junior Library Guild Selection "Absorbing." —People "Readers ... are likely to find themselves chewing over the details of this superb and intricate tale long afterward." —The Wall Street Journal "Lovely and almost impossibly clever." —The Philadelphia Inquirer "It's easy to imagine readers studying Miranda's story as many times as she's read L'Engle's, and spending hours pondering the provocative questions it raises." —Publishers Weekly, Starred review
