A great story can lead a reader on a journey of discovery—especially if it's presented in two languages! Beautifully illustrated in a traditional style, Japanese Stories for Language Learners offers five compelling stories with English and Japanese language versions appearing on facing pages. Taking learners on an exciting cultural and linguistic journey, each story is followed by detailed translator's notes, Japanese vocabulary lists, and grammar points along with a set of discussion questions and exercises. The first two stories are very famous traditional Japanese folktales: Urashima Taro (Tale of a Fisherman) and Yuki Onna (The Snow Woman). These are followed by three short stories by notable 20th century authors: Kumo no Ito (The Spider's Thread) by Akutagawa Ryunosuke (1892-1927) Oborekaketa Kyodai (The Siblings Who Almost Drowned) by Arishima Takeo (1878-1923) Serohiki no Goshu (Gauche the Cellist) by Miyazawa Kenji (1896-1933) Reading these stories in the original Japanese script—and hearing native-speakers read them aloud in the accompanying free audio recording—helps students at every level deepen their comprehension of the beauty and subtlety of the Japanese language. Learn Japanese the fun way—through the country's rich literary history.

Grammatical terms - Characteristics of Japanese grammar - Basic conjugations - Verbs - Connection forms of important expressions - Numerals and counters - Compound words.

"The Japanese language uses a set of symbols called 'hiragana' (to spell Japanese words), 'katakana' (to spell foreign words), and 'kanji' (to represent entire words or names). Over the course of BOOK 1, we will teach you groups of hiragana piece-by-piece to gradually build up your understanding and familiarity."--Introduction.

Included are over 1,200 MP3s of each Vocabulary and Example Sentence. There are also individual chapter list MP3s which combine the Japanese vocabulary word, the example sentence, and then the English translation. We put these MP3s together so you can listen while driving, while walking the dog, or while going through the book. The FREE download link is found on the last page. Taking the Japanese Language Proficiency Test is a great way to not only assess your Japanese skills, but also to give yourself a concrete goal for your learning. I am a firm believer in setting goals. It is the quickest way to make progress. Unfortunately, with goal-setting, there is usually the problem of maintaining motivation. By paying money and making plans to sit in a test (usually) in a different city; however, you are making a major investment of time and money. There are few pressures in life that can motivate better than time or money. That's why we always recommend any serious student of Japanese to sign up and study for the JLPT. Japanese Vocabulary for JLPT N4 covers all the vocabulary needed to pass the Japanese Language Proficiency Test level N4. This is the easiest of the test levels and is suitable for beginners who have mastered hiragana. Add the 1,200+ MP3s to your MP3 player, iPhone, or computer and listen while studying the book. Compilation MP3 files of each chapter's list are also included. These have each word followed by the example sentence for sequential learning.

This is an invaluable study guide for learning basic Japanese characters. The first 100 Japanese Kanji is intended for beginning students, or experienced speakers who need to practice their written Japanese. Kanji are an essential part of the Japanese language and together with kana (hiragana and katakana) comprise the written components of Japanese. This book presents the kanji characters that are most commonly used. They have been carefully selected for rapid and effective learning. Each kanji's readings, meanings, and common compounds are presented, and romanized pronunciations for English speakers (romanji) are included as well. Printed with gray guidelines, stroke order guides are designed to be traced over to teach students the standard sequence of strokes used to write each character. Three indexes at the back allow the characters to be looked up as with a dictionary or by their readings. Students who wish to practice writing kanji will find extra practice sheets available. This book includes: Step-by-step stroke order diagrams for each character. Special boxes with grid lines to practice writing characters. Words and phrases using each kanji. Romanizations (romanji) to help identify and pronounce every word.
