Amazon.com: Twelve: (The Danilov Quintet 1) eBook: Kent ...

Kent has blended fantasy and history to produce an awesome picture of the battles from Smolensk to Berezina. The characters fit the action, although with so many (in that respect it is a Russian novel), their quality varies. Twelve is definitely high-quality reading. It is also the first of a planned quintet. --Frieda Murray

At age sixteen, Sara Shandler read Mary Pipher's *Reviving Ophelia*, the national bestseller that candidly explored the unique issues that challenge girls in their struggle toward womanhood. Moved by Pipher's insight yet driven to hear the unfiltered voices of today's adolescent girls, Shandler yearned to speak for herself, and to provide a forum for other Ophelias to do so as well. A poignant collection of original pieces selected from more than eighthundred contributions, *Ophelia Speaks* culls writings from the hearts of girls nationwide, of various races, religions, and socioeconomic backgrounds. Ranging in age from twelve to eighteen, the voices here offer a provocative and piercingly real view on issues public and private, from body image to boys, politics to parents, school to sex. Framing each chapter are Shandler's own personal reflections, offering both the comfort of a trusted friend and an honest perspective from within the whirlwind of adolescence. In these pages, you will see your best friend, your daughter, your sister--and yourself. At once filled with heartbreak and hope, in these pages Ophelia speaks.
