Unconditional Parenting: Moving from Rewards and ...

The concept of unconditional parenting appeals to me, the idea that we love our kids unconditionally: whether they behave, throw a tantrum, do (or don't do) well in school.

Unconditional Parenting: Moving from Rewards and ...

Unconditional parenting starts with you making a conscious decision about the way you want to relate to your children. It starts with you deciding to show unconditional love and support for your kids no matter how they behave and regardless of what they say.

Unconditional Parenting: The Power of Loving Unconditionally

Reading Unconditional Parenting changed the way I approached parenting. It was literally a watershed moment. The principles that stand out to me the most, the ones that I find myself consciously thinking about are 4 and 7. I remind myself as I go about the day with two year old twin boys, how difficult must life be when you can't reach objects you want, can't open the fridge to get the ...

The kind of parenting that Alfie Kohn advocates in his book, Unconditional Parenting, resonates with my understanding of God. The picture of God I see painted in Scripture, through Jesus Christ, is unconditionally loving and respectful to all persons, regardless of age. As a Jesus-following parent, I feel it's my responsibility to show my children the same picture of God by acting like Jesus ...

De 10+ beste afbeeldingen van Unconditional parenting ...

In unconditional parenting love and acceptance are regarded more highly than training and compliance. Rewards and punishment are replaced with unconditional support. As you can imagine, this created quite an uproar, especially among those who had spent years advocating a more authoritarian - or even authoritative - approach to parenting.

## Read PDF Unconditional Parenting

being towards our children. He argues that if we're truly unconditional our children will thrive. And then he tells us what the science says this looks like in practice. Like all of his books, this one has a strong academic/research focus. It's not a ...

The author of *Punished by Rewards* and *The School Our Children Deserve* builds on his parenting theories of working with children rather than trying to control them, argues against practices that teach children that they must earn a parent's approval, and presents techniques that promote desired child qualities through unconditional support. Reprint. 30,000 first printing.

Arguing against the "tougher standards" rhetoric that marks the current education debate, the author of *No Contest* and *Punished by Rewards* writes that such tactics squeeze the pleasure out of learning. Reprint.

Criticizes the system of motivating through reward, offering arguments for motivating people by working with them instead of doing things to them

Parenting trends come and go. Gentle parenting is different - it isn't a label for a precise set of rules but a method of parenting that embraces the needs of parent and child, while being mindful of current science and child psychology. It means parenting with empathy, respect, understanding - and boundaries. In *The Gentle Parenting Book*, Sarah Ockwell-Smith provides a trustworthy combination of what-to-expect information and gentle-parenting solutions to the most common challenges faced by parents with young children. Sarah addresses a wide variety of topics, including coping with a crying baby, introducing solid foods and creating healthy eating habits, potty training, starting nursery and school, sibling rivalry, tantrums, whining and sulking, aggressive behaviour and much more. And for those parents who have previously used a more authoritarian style of parenting, there's plenty of advice - and reassurance - on making the transition to a gentler approach. For many, gentle parenting comes as a relief because it chimes with their deepest instincts about the best way to raise their children.

It's time to say NO to trying to fit square-peg kids into round holes, and YES to raising them from a place of acceptance and joy. Today millions of kids are stuck in a world that doesn't embrace who they really are. They are the one in five "differently wired" children with ADHD, dyslexia, giftedness, autism, anxiety, or other neurodifferences, and their challenges are many. And for the parents who love them, the challenges are just as numerous, as they struggle to find the right school, the right support, the right path. But now there's hope. *Differently Wired* is a revolutionary book—weaving together personal stories and a tool kit of expert advice from author Deborah Reber, it's a how-to, a manifesto, and a reassuring companion for parents who can so often feel that they have no place to turn. At the heart of *Differently Wired* are 18 paradigm-shifting ideas—what the author calls "tilts," which include how to accept and lean in to your role as a parent (#2: Get Out of Isolation and Connect). Deal with the challenges of parenting a differently wired child (#5: Parent from a Place of Possibility Instead of Fear). Support yourself (#11: Let Go of Your Impossible Expectations for Who You "Should" Be as a Parent). And seek community (#18: If It Doesn't Exist, Create It). Taken together, it's a lifesaving program to shift our thinking and actions in a way that not only improves the family

## Read PDF Unconditional Parenting

dynamic, but also allows children to fully realize their best selves. In this generous and urgent book, Deborah Reber lets the light in. She helps parents see that they're not alone, and even better, delivers a positive action plan that will change lives. Seth Godin, author of *Linchpin: Differently Wired* will help parents of children who think differently to accept their child for who they are and facilitate their successful development. Temple Grandin, author of *Thinking in Pictures* and *The Autistic Brain*

America's foremost baby and childcare experts, William Sears M.D. and Martha Sears, R.N., explain the benefits -- for both you and your child -- of connecting with your baby early. Would you and your baby both sleep better if you shared a bed? How old is too old for breastfeeding? What is a father's role in nurturing a newborn? How does early attachment foster a child's eventual independence? Dr. Bill and Martha Sears -- the doctor-and-nurse, husband-and-wife team who coined the term "attachment parenting" -- answer these and many more questions in this practical, inspiring guide. Attachment parenting is a style of parenting that encourages a strong early attachment, and advocates parental responsiveness to babies' dependency needs. The *Attachment Parenting Book* clearly explains the six "Baby B's" that form the basis of this popular parenting style: Bonding, Breastfeeding, Babywearing, Bedding close to baby, Belief in the language value of baby's cry, and Beware of baby trainers. Here's all the information you need to achieve your most important goals as a new parent: to know your child, to help your child feel right, and to enjoy parenting.

Parenting and education expert Alfie Kohn tackles the misconception that overparenting and overindulgence has produced a modern generation of entitled children incapable of making their way in the world.

There is therefore now no condemnation for those who are in Christ Jesus. Romans 8:1 Shame is an assault on the core of who we are. It assassinates our character, minimizes our worth, and dashes our hope. Like Adam and Eve, we often hide shame, but hiding never heals it. Left unattended, shame can develop into a crippling reality that paralyzes us. Like an infectious disease, shame impacts everyone . . . but not all shame is bad. Shame can either be an oppressive and powerful tool of worldly condemnation or a source of conviction that God uses to bring his people back to himself. Having the discernment to know the difference and recognize shame in its many forms can change the course of one's life. In a transparently honest style, Pass shares of her experience dealing with shame after learning that her former husband was a sexual offender. Having lived through the aftermath, she leads you into God's Word where you will see for yourself that God is bigger than your pain, shame, mistakes, and limitations. *Shame Off You* shares how freedom can be found in choosing to break the cycle of shame by learning from the past, developing healthy thinking patterns, silencing lies, and overcoming the traps of vanity and other people's opinions.

Christakis . . . expertly weaves academic research, personal experience and anecdotal evidence into her book . . . a bracing and convincing case that early education has reached a point of crisis . . . her book is a rare thing: a serious work of research that also happens to be well-written and personal . . . engaging and important. --Washington Post "What kids need from grown-ups (but aren't getting)...an impassioned plea for educators and parents to put down the worksheets and flash cards, ditch the tired craft projects (yes, you, Thanksgiving Handprint Turkey) and exotic vocabulary lessons, and double-down on one, simple word: play." --NPR The New York Times bestseller that provides a bold challenge to the conventional wisdom about early childhood, with a pragmatic program to encourage parents and teachers to rethink

how and where young children learn best by taking the child's eye view of the learning environment To a four-year-old watching bulldozers at a construction site or chasing butterflies in flight, the world is awash with promise. Little children come into the world hardwired to learn in virtually any setting and about any matter. Yet in today's preschool and kindergarten classrooms, learning has been reduced to scripted lessons and suspect metrics that too often undervalue a child's intelligence while overtaxing the child's growing brain. These mismatched expectations wreak havoc on the family: parents fear that if they choose the "wrong" program, their child won't get into the "right" college. But Yale early childhood expert Erika Christakis says our fears are wildly misplaced. Our anxiety about preparing and safeguarding our children's future seems to have reached a fever pitch at a time when, ironically, science gives us more certainty than ever before that young children are exceptionally strong thinkers. In her pathbreaking book, Christakis explains what it's like to be a young child in America today, in a world designed by and for adults, where we have confused schooling with learning. She offers real-life solutions to real-life issues, with nuance and direction that takes us far beyond the usual prescriptions for fewer tests, more play. She looks at children's use of language, their artistic expressions, the way their imaginations grow, and how they build deep emotional bonds to stretch the boundaries of their small worlds. Rather than clutter their worlds with more and more stuff, sometimes the wisest course for us is to learn how to get out of their way. Christakis's message is energizing and reassuring: young children are inherently powerful, and they (and their parents) will flourish when we learn new ways of restoring the vital early learning environment to one that is best suited to the littlest learners. This bold and pragmatic challenge to the conventional wisdom peels back the mystery of childhood, revealing a place that's rich with possibility.

As *The Giving Tree* turns fifty, this timeless classic is available for the first time ever in ebook format. This digital edition allows young readers and lifelong fans to continue the legacy and love of a household classic that will now reach an even wider audience. Never before have Shel Silverstein's children's books appeared in a format other than hardcover. Since it was first published fifty years ago, Shel Silverstein's poignant picture book for readers of all ages has offered a touching interpretation of the gift of giving and a serene acceptance of another's capacity to love in return. Shel Silverstein's incomparable career as a bestselling children's book author and illustrator began with *Lafcadio, the Lion Who Shot Back*. He is also the creator of picture books including *A Giraffe and a Half*, *Who Wants a Cheap Rhinoceros?*, *The Missing Piece*, *The Missing Piece Meets the Big O*, and the perennial favorite *The Giving Tree*, and of classic poetry collections such as *Where the Sidewalk Ends*, *A Light in the Attic*, *Falling Up*, *Every Thing On It*, *Don't Bump the Glump!*, and *Runny Babbit*. And don't miss these other Shel Silverstein ebooks, *Where the Sidewalk Ends*, and *A Light in the Attic*!
