Self Study Guides for Grades 10 - 12

Like many sensible learners, you’ve realised that Grade 11 is the make or break year, not Grade 12. The sooner you choose your tools for the challenge and get down to work, the better. The classroom and your notes are often insufficient preparation for tests and exams. It’s all about systematic practise and applying your knowledge.

Study & Master Agricultural Sciences Grade 12 has been especially developed by an experienced author team for the Curriculum and Assessment Policy Statement (CAPS). This new and easy-to-use course helps learners to master essential content and skills in Agricultural Sciences.

African agriculture is currently at a crossroads, at which persistent food shortages are compounded by threats from climate change. But, as this book argues, Africa can feed itself in a generation and can help contribute to global food security. To achieve this Africa has to define agriculture as a force in economic growth by advancing scientific and technological research, investing in infrastructure, fostering higher technical training, and creating regional markets.
