Village Books, written by Craig McLay, was one of those books that did just that. It was well written with believable characters, and made you want to be there with them through the ordeals of everyday life. Village Books was a free download I took advantage of on a whim, I liked the title, and thought a book about a bookstore, how normal.

(FAQ). Michael Jackson may be the King of Pop, but his influence extends much further. From his childhood years with the Jackson 5 through his astonishing solo career, he consistently broke sales records, pioneered the modern music video, and infused dance into rock and pop. While his life story has been well chronicled, Michael Jackson FAQ explores the stories behind his achievements. Did he play any instruments? How much of his own music did he compose? Who were his greatest influences in both music and dance? His art is his legacy, and Michael Jackson FAQ takes an in-depth look at Jackson's work with the Jackson 5 and the Jacksons in addition to his solo catalog. Learn why current artists such as Justin Timberlake, Lady Gaga, Justin Bieber, and countless boy bands still emulate his sound, look, and showmanship. Questions are tackled such as whether Off the Wall or Thriller better stands the test of time. From his childhood in Gary, Indiana, through the posthumous albums, this book covers lesser-known but important stories such as how Jackson influenced disco and hip-hop, how his singing style transitioned from childhood to adulthood, and how he learned to moonwalk.

This is an account of the eight years that I spent living and working in Switzerland, with a satiric slant plus comments on investment activities that are illegal in the United States.

Examines America's westward expansion, describing the forcible subjugation of Native American tribes, including the fierce battles against the Navajo which ended with a brutal siege at Canyon de Chelly and the "Long Walk" migration.

Parallel pictures reveal the essential similarities between the lives of two boys, one in a western country, one in a tribal African village.

The gold standard anthology for anyone who wants to understand the development and current state of literary theory. Offering 191 pieces by 157 authors, The Norton Anthology of Theory and Criticism, Third Edition, is more comprehensive

and more varied in its selection than any other anthology. Forty-eight NEW selections—concentrated mostly on the twentieth and twenty-first centuries—make the book not only the best overview of the history of theory, but also a remarkably up-to-date portrait of the state of theory today.

From a prominent young historian, the untold story of the rich variety of gay life in America in the 1970s. Despite the tremendous gains of the LGBT movement in recent years, the history of gay life in this country remains poorly understood. According to conventional wisdom, gay liberation started with the Stonewall Riots in Greenwich Village in 1969. The 1970s represented a moment of triumph -- both political and sexual -- before the AIDS crisis in the subsequent decade, which, in the view of many, exposed the problems inherent in the so-called "gay lifestyle". In *Stand by Me*, the acclaimed historian Jim Downs rewrites the history of gay life in the 1970s, arguing that the decade was about much more than sex and marching in the streets. Drawing on a vast trove of untapped records at LGBT community centers in Los Angeles, New York, and Philadelphia, Downs tells moving, revelatory stories of gay people who stood together -- as friends, fellow believers, and colleagues -- to create a sense of community among people who felt alienated from mainstream American life. As Downs shows, gay people found one another in the Metropolitan Community Church, a nationwide gay religious group; in the pages of the *Body Politic*, a newspaper that encouraged its readers to think of their sexuality as a political identity; at the Oscar Wilde Memorial Bookstore, the hub of gay literary life in New York City; and at theaters putting on "Gay American History," a play that brought to the surface the enduring problem of gay oppression. These and many other achievements would be largely forgotten after the arrival in the early 1980s of HIV/AIDS, which allowed critics to claim that sex was the defining feature of gay liberation. This reductive narrative set back the cause of gay rights and has shaped the identities of gay people for decades. An essential act of historical recovery, *Stand by Me* shines a bright light on a triumphant moment, and will transform how we think about gay life in America from the 1970s into the present day.

An expert on human longevity reveals the sometimes unusual but effective secrets of diet, behavior, fitness, and attitude collected from long-lived communities around the world, revealing the critical everyday lifestyle choices and behavior that correspond to a longer, healthier life. Reprint.

The author, a Japanese samurai of the nineteenth century, looks back on his life and shares his observations on Japanese society

An escape to the country turns into a holiday nightmare in this cozy murder mystery. Having left the police force, Kate George is looking forward to a long, relaxing retreat in a village in the north east of England. Unfortunately, her dream of a quiet countryside break is dashed when local teacher, Dawn Fraser, is found dead in the garden shed of Kate's cottage. Not only that, Kate suffers a fall in the local shop and is knocked unconscious. Having received a mixed welcome, it is only her new neighbour, Sam, who shows her any real human kindness. Despite having wanted to put a life fighting crime behind her, Kate finds it hard not to get involved in the case. And as she does so, she discovers that the small town is full of secrets, each more worrying than the next. She'll have to work out whom, if anyone, she can trust. Will she be accepted? Will she want to stay on? And will the killer be found before they strike again? If you like traditional murder mysteries with a cozy feel, then *A DANGEROUS TIME* is for you. Packed with northern wit and brimming with intrigue, it will keep you guessing to the end. Bud Craig is the author of the PI Gus Keane series of detective books available in the combined edition, *SALFORD MURDERS*, and the collection of short stories, *HIGH PROFILE*. *A DANGEROUS TIME* is free with Kindle Unlimited.

Craig Douglas brings you tales of conflict and tension. Soldiers and Revolutionaries alike take on a struggle. Let Craig take you to the places you don't want to go and walk the dusty fields of Afghanistan with British soldiers, dodge bullets from the British Police force as you march to the House of Commons, trace the steps of a Nazi as we unravel his shameful past and walk in the steps of soldiers in the bandit country of Northern Ireland.
