THE GRIT AND GLORY OF
RESTAURANT LIFE, AS TOLD BY A

all-night diner, a crab shack just off the interstate and a fusion restaurant in a former hair salon. Restaurant work, as he describes it in exuberant, sparkling prose, is a way of life in which "your whole universe becomes a small, hot steel box filled with knives and meat and fire." The

kitchen crew is a fraternity with its own rites: cigarettes in the walk-in freezer, sex in the basement, the wartime urgency of the dinner rush. Cooking is a series of personal challenges, from the first perfectly done mussel to the satisfaction of surgically sliced foie gras. And the

kitchen itself, as he tells it, is a place in which life's mysteries are thawed, sliced, broiled, barbecued, and fried—a place where people from the margins find their community and their calling. With this deeply affecting book, Sheehan (already acclaimed for his reviews) joins the

With the environment, climate change, and global warming taking
