In the explosive finale to the epic romantic saga, Bella has one final choice to make. Should she stay mortal and strengthen her connection to the werewolves, or leave it all behind to become a vampire? When you loved the one who was killing you, it left you no options. How could you run, how could you fight, when doing so would hurt that beloved one? If your life was all you had to give, how could you not give it? If it was someone you truly loved? To be irrevocably in love with a vampire is both fantasy and nightmare woven into a dangerously heightened reality for Bella Swan. Pulled in one direction by her intense passion for Edward Cullen, and in another by her profound connection to werewolf Jacob Black, a tumultuous year of temptation, loss, and strife have led her to the ultimate turning point. Her imminent choice to either join the dark but seductive world of immortals or to pursue a fully human life has become the thread from which the fates of two tribes hangs. This astonishing, breathlessly anticipated conclusion to the Twilight Saga illuminates the secrets and mysteries of this spellbinding romantic epic. It's here! #1 bestselling author Stephenie Meyer makes a triumphant return to the world of Twilight with the highly anticipated companion, Midnight Sun: the iconic love story of Bella and Edward told from the vampire's point of view. "People do not want to just read Meyer's books; they want to climb inside them and live there." -- Time "A literary phenomenon." -- The New York Times

Amber Tyrell enjoys life's simple pleasures. A perfect evening for her includes a good book, a glass of wine and, of course, a great meal, preferably straight from the jugular. Raised to eat ethically, Amber dines only on delicious cold-blooded killers. But confirming that her chosen victims deserve to die takes time. And patience. So it's a good thing Amber is studying to be a librarian. Her extraordinary research skills help her hunt down her prey, seek out other vampires and stay on the trail of her mother, who has been missing for over two years now. But one day while Amber is stalking a rather tasty-looking murderer, things go horribly wrong. Amber has walked into a trap. The hunter becomes the hunted. Now on the run, Amber receives the perfect job offer out of the blue. Someone wants to pay her to kill (and eat) the world's worst criminals. It sounds too good to be true. Amber Fang: Hunted is the first book in this exciting new vampire series.

Dace is forced to choose between his vivacious brother, Michael, and the malicious Ettore. No matter his choice, his prime interest is protecting his little brother Antony from getting into more trouble than he already has, all the while trying to keep himself from the beautifully tempting, female detective, Austin Reed.

Jessica and Owen Nobles are heartbroken over the loss of their son, Jacob. Jessica has taken his death especially hard, spending the past three years sedated and under the care of a psychiatrist. Desperate to save his wife, Owen moves the couple to Florida, hoping a change in scenery will remind her how to live again. When Jessica begins to see a small boy in the upstairs window of the abandoned home next door, she goes to investigate, only to find the house empty. Afraid that she may be seeing things, Jess does an internet search on the home's address. What she finds is an image of the boy from the window-a boy that's been missing more than thirteen years. Reluctant to tell her husband, Jessica sets out to find what information she can on the child's disappearance. Yet, someone is going to great lengths to stop her. To make matters worse, bodies begin dropping around her like flies. And she's the prime suspect in the killings. If Jessica doesn't back off now, she risks losing more than just her mind...she could very well lose her life.

Conner Gilroy was my brother's best friend.Popular. Smart. Gorgeous. With his cocky grin and perfect family, he was the fantasy of almost every girl I knew, including mine.And for some reason, he wanted me.Me. Henley O'Connell. The ugly bookworm with bright orange hair. Poor white trash with a quick temper and a chip on hershoulder. He confused me and made me angry. He treated me like I was something more than what I was. Like maybe what Iwanted wasn't just a silly fantasy.Like maybe it was real.As much as I wanted to trust him, believe in him, I couldn't. I pushed him away. I left Boston. Tried to move on without him. Tried to pretend that letting him go wasn't the single worst mistake of my life.But now I'm back.It wasn't supposed to be forever. It was temporary. A way to find closure. A way to move on. To prove to myself that I was right. That Conner Gilroy forgot about me as soon as I left.That I didn't break his heart.He isn't at all who I remember. He's surly and arrogant. He drinks too much and calls me Daisy. He scares me becauseone look at him and I know that there is no going back to my perfect life. Eight years later, I still want what he promised me.I want forever.
