Documentaire over het leven van bokser Muhammad Ali en zijn duel met George Foreman in 1974 in Zaïre, the Rumble in the jungle.

Two kingdoms, five centuries, one destiny. In a world where the Sojourners, a nearly extinct race with preternatural abilities, struggle to preserve their faith and heritage, destiny thrusts two youths from opposing nations into the heart of a centuries-old conflict.

We were Kings and Queens is a short story illustration of African-American History before the time of slavery. It explores the realities of the rich lineage, royal status, and the truth that must not be forgotten concerning the beginnings of Black History.

The 1974 fight between Muhammad Ali and George Foreman, staged in the young nation of Zaire and dubbed the Rumble in the Jungle, was arguably the biggest sporting event of the twentieth century. The bout between an ascendant undefeated champ and an outspoken master trying to reclaim the throne was a true multimedia spectacle. A three-day festival of international music—featuring James Brown, Miriam Makeba, and many others—preceded the fight itself, which was viewed by a record-breaking one billion people worldwide. Lewis A. Erenberg's new book provides a global perspective on this singular match, not only detailing the titular fight but also locating it at the center of the cultural dramas of the day. The Rumble in the Jungle orbits around Ali and Foreman, placing them at the convergence of the American Civil Rights movement and the Great Society, the rise of Islamic and African liberation efforts, and the ongoing quest to cast off the shackles of colonialism. With his far-reaching take on sports, music, marketing, and mass communications, Erenberg shows how one boxing match became nothing less than a turning point in 1970s culture.

A heart-swelling debut for fans of *The Silver Linings Playbook* and *The Curious Incident of the Dog in the Night-Time*. Sometimes life isn't as simple as heroes and villains. For Zelda, a twenty-one-year-old Viking enthusiast who lives with her older brother, Gert, life is best lived with some basic rules: 1. A smile means "thank you for doing something small that I liked." 2. Fist bumps and dabs = respect. 3. Strange people are not appreciated in her home. 4. Tomatoes must go in the middle of the sandwich and not get the bread wet. 5. Sometimes the most important things don't fit on lists. But when Zelda finds out that Gert has resorted to some questionable—and dangerous—methods to make enough money to keep them afloat, Zelda decides to launch her own quest. Her mission: to be legendary. It isn't long before Zelda finds herself in a battle that tests the reach of her heroism, her love for her brother, and the depth of her Viking strength. *When We Were Vikings* is an uplifting debut about an unlikely heroine whose journey will leave you wanting to embark on a quest of your own, because after all... We are all legends of our own making.

The bestselling biography of Muhammad Ali—with an Introduction by Salman Rushdie On the night in 1964 that Muhammad Ali (then known as Cassius Clay) stepped into the ring with Sonny Liston, he was widely regarded as an irritating freak who danced and talked way too much. Six rounds later Ali was not only the new world heavyweight boxing champion: He was "a new kind of black man" who would shortly transform America's racial politics, its popular culture, and its notions of heroism. No one has captured Ali—and the era that he exhilarated and sometimes infuriated—with greater vibrancy, drama, and astuteness than David Remnick, the Pulitzer Prize-winning author of *Lenin's Tomb* (and editor of *The New Yorker*). In charting Ali's rise from the gyms of Louisville, Kentucky, to his epochal fights against Liston and Floyd Patterson, Remnick creates a canvas of unparalleled richness. He gives us empathetic portraits of wisecracking sportswriters and bone-breaking mobsters; of the baleful Liston and the haunted Patterson; of an audacious Norman Mailer and an enigmatic Malcolm X. Most of all, *King of the World* does justice to the speed, grace, courage, humor, and ebullience of one of the greatest athletes and irresistibly dynamic personalities of our time.

In 1950's Boston, the Irish Republican Army is running guns and killing witnesses. Cal and Dante are committed to stopping them. When a body is discovered at the Charlestown locks—tarred, feathered and shot to death—it appears to be a gangland killing, and is almost immediately dismissed. However, Cal O'Brien's cousin, Boston PD detective Owen Lackey, recognizes the murder style as the typical retribution for IRA informers. Combined with a tip-off about a boat coming into Boston weighed down with stolen guns and ammunition, the body in the locks hints that much more may be at stake than a one-off hit. *Serpents in the Cold* introduced us to Cal and Dante, whose previous investigation brought them to the highest ranks of Boston's political elite. This time, Cal and Dante descend into the city's shadowy underbelly—a world of packed dance halls, Irish wakes, and funeral parlors. There they
