Wolf in White Van refers to the cryptic phrases supposedly revealed by listening to records backwards, which those of us old enough to get all the pop culture references in this book will recall was one of the big moral panics incited by Christian evangelicals back in the 80s. In one of many scenes described by the first-person narrator, Sean, in this non-linear novel, he actually calls one of those evangelical stations, as a child, during their "prayer hour," to ask about this phenomena.

Welcome to Trace Italian, a game of strategy and survival! You may now make your first move. Isolated by a disfiguring injury since the age of seventeen, Sean Phillips crafts imaginary worlds for strangers to play in. From his small apartment in southern California, he orchestrates fantastic adventures where possibilities, both dark and bright, open in the boundaries between the real and the imagined. As the creator of Trace Italian, a text-based, role-playing game played through the mail Sean guides players from around the world through his intricately imagined terrain, which they navigate and explore, turn by turn, seeking sanctuary in a ravaged, savage future America. Lance and Carrie are high school students from Florida, explorers of the Trace. But when they take their play into the real world, disaster strikes, and Sean is called to account for it. In the process, he is pulled back through time, tunneling toward the moment of his own self-inflicted departure from the world in which most people live. New York Times Bestseller "A moving, beautifully etched picture of America's lost and profoundly lonely." Kazuo Ishiguro, author of *The Remains of the Day* and winner of the 2017 Nobel Prize for Literature "Brilliant . . . Darnielle is a master at building suspense, and his writing is propulsive and urgent; it's nearly impossible to stop reading . . . [Universal Harvester is] beyond worthwhile; it's a major work by an author who is quickly becoming one of the brightest stars in American fiction." Michael Schaub, Los Angeles Times "Grows in menace as the pages stack up. . . . [But] more sensitive than one would expect from a more traditional tale of dread." Jose Hill, New York Times Book Review *Life* in a small town takes a dark turn when mysterious footage begins appearing on VHS cassettes at the local Video Hut. So begins Universal Harvester, the haunting and masterfully unsettling new novel from John Darnielle, author of the New York Times Bestseller and National Book Award Nominee *Wolf in White Van*. Jeremy works at the Video Hut in Nevada, Iowa. It's a small town in the center of the state/the first in Nevada pronounced ay. This is the late 1990s, and even if the Hollywood Video in Ames poses an existential threat to Video Hut, there are still regular customers, a mish in the late afternoon. It's good enough for Jeremy: it's a job, quiet and predictable, and it gets him out of the house, where he lives with his dad and where they both try to avoid missing Mom, who died six years ago in a car wreck. But when a local schoolteacher comes in to return her copy of *Targets*an old movie, starring Boris Karloff, one Jeremy himself had ordered for the store/she has an odd complaint: "There's something on it," she says, but doesn't elaborate. Two days later, a different customer returns a different tape, a new release, and says it's not defective, exactly, but altered: "There's another movie on this tape." Jeremy doesn't want to be curious, but he brings the movies home to take a look. And, indeed, in the middle of each movie, the screen blinks dark for a moment and the movie is replaced by a few minutes of jagged, poorly lit home video. The scenes are odd and sometimes violent, dark, and deeply disquieting. There are no identifiable faces, no dialogue or explanation/the first video has just the faint sound of someone breathing but there are some recognizable landmarks. These have been shot just outside of town. In *Universal Harvester*, the once placid Iowa fields and farmhouses now sinister and imbued with loss and instability and profound foreboding. The novel will take Jeremy and those around him deeper into this landscape than they have ever expected to go. They will become part of a story that unfolds years into the past and years into the future, part of an impossible search for something someone once lost that they would do anything to regain. "This chilling literary thriller follows a video store clerk as he deciphers a macabre mystery through clues scattered among the tapes his customers rent. A page-tuning homage to *In Cold Blood* and *The Ring*." O: The Oprah Magazine "[Universal Harvester is] so wondrously strange, almost Lynchian in its juxtaposition of the banal and the creepy, that my urge to know what the hell was going on caused me to go full throttle. . . . [But] Darnielle hides so much beautiful commentary in the book's quieter moments that you would be remiss not to slow down." Abram Scharf, MTV News "Universal Harvester is a novel about noticing hidden things, particularly the hurt and desperation that people bear under their exterior of polite reserve. . . . Mr. Darnielle possesses the clairvoyant's gift for looking beneath the surface." Sam Sacks, The Wall Street Journal "[Universal Harvester is] constantly unnerving, wrapped in a depressed dread that haunts every passage. But it all pays off with surprising emotionality." Kevin Nguyen, GQ.com

From John Darnielle, the New York Times bestselling author and the singer-songwriter of the Mountain Goats, comes an epic, gripping novel about murder, truth, and the dangers of storytelling. Gage Chandler is descended from kings. That's what his mother always told him. Years later, he is a true crime writer, with one grisly success/and a movie adaptation/to his name, along with a series of subsequent less notable efforts. But now he is being offered the chance for the big break: to move into the house where a pair of briefly notorious murders occurred, apparently the work of disaffected teens during the Satanic Panic of the 1980s. Chandler finds himself in Milpitas, California, a small town whose name rings a bell his closest childhood friend lived there, once upon a time. He begins his research with diligence and enthusiasm, but soon the story leads him into a puzzle he never expected/back into his own work and what it means, back to the very core of what he does and who he is. *Devil House* is John Darnielle's most ambitious work yet, a book that blurs the line between fact and fiction, that combines daring formal experimentation with a spellbinding tale of crime, writing, memory, and artistic obsession.

John Darnielle describesMaster of Reality in the voice of a fifteen-year-old boy being held in an adolescent psychiatric center in southern California in 1985. The narrator explains Black Sabbath like an emissary from an alien race describing his culture to his captors: passionately, patiently, and lovingly.

Black Sabbath's Master of Reality has maintained remarkable historical status over several generations; it's a touchstone for the directionless, and common coin for young men and women who've felt excluded from the broader cultural economy. John Darnielle hears it through the ears of Roger Painter, a young adult locked in a southern California adolescent psychiatric center in 1985; deprived of his Walkman and hungry for comfort, he explains Black Sabbath as one might describe air to a fish, or love to an android, hoping to convince his captors to give him back his tapes.

An offbeat, often hilarious crime novel set in the sleepy Alaskan town of Cold Storage from the Shamus Award winning author of the Cecil Younger series. Cold Storage, Alaska, is a remote fishing outpost where salmonberries sparkle in the morning frost and where you just might catch a King Salmon if you're zen enough to wait for it. Settled in 1935 by Norse fishermen who liked to skinny dip in its natural hot springs, the town enjoyed prosperity at the height of the frozen fish boom. But now the cold storage plant is all but abandoned and the town is withering. Clive (The Milkman) McCabon returns to his tiny Alaska hometown after a seven-year jail stint for dealing coke. He has a lot to make up to his younger brother, Miles, who has dutifully been taking care of their ailing mother. But Clive doesn't realize the trouble he's bringing home. His vengeful old business partner is hot on his heels, a stick-in-the-mud State Trooper is dying to bust Clive for narcotics, and, to complicate everything, Clive might be going insane!ellately, he's been hearing animals talking to him. Will his arrival in Cold Storage be a breath of fresh air for the sleepy, depopulated town? Or will Clive's arrival turn the whole place upside down?
