"Loved this book! Great characters, great story, & so much swooning!" —Cindi Madsen, USA Today bestselling author Life loves a good curveball... Seventeen-year-old Annie Lucas's life is completely upended the moment her dad returns to the major leagues as the new pitching coach for the Kansas City Royals. Now she's living in Missouri (too cold), attending an all-girls school (no boys), and navigating the strange world of professional sports. But Annie has dreams of her own—most of which involve placing first at every track meet...and one starring the Royals' super-hot rookie pitcher. But nineteen-year-old Jason Brody is completely, utterly, and totally off-limits. Besides, her dad would kill them both several times over. Not to mention Brody has something of a past, and his fan club is filled with C-cupped models, not smart-mouthed

high school "brats" who can run the pants off every player on the team. Annie has enough on her plate without taking their friendship to the next level. The last thing she should be doing is falling in love. But baseball isn't just a game. It's life. And sometimes, it can break your heart...

This book was written to inspire God's children of all ages to realize how important it is to trust him. It talks specifically of the struggles one goes through and the solutions to all our struggles—trusting in God! One other important factor is to remain humble and kind. Lastly, the key to eternal life is to put God first! Amen.

When my kids were learning to walk, I remember walking

behind them, ready to catch them if they stumbled backward. I never dreamed that thirteen years later my kids would be walking behind me, ready to catch me if I stumbled backward. I was 42 years old when I was diagnosed with a benign, operable, brain tumor. Doctors predicted a short hospital stay followed by a speedy recovery. Complications arose, giving me unexpected life-long obstacles. A single mother of two beautiful, talented, wonderful children, I had high hopes for a bright and happy future. I had a secure job that I loved, my divorce was final and I was beginning to date again when my brain tumor was diagnosed. My life since that fateful day has been focused on regaining basic human functions: breathing, swallowing, walking, etc. I am working again and trying to be a good mother to my two beautiful, talented, wonderful

If life has tossed you a curveball, this book was written with you in mind. It is my sincere hope that you will find the following stories and concepts helpful. Whatever you do, don't despair and don't give up. Simply keep reading, keep your spirits up, and above all, keep swinging. Your persistence and your courage will be rewarded.
