If you've been meaning to enter the PC gaming world, but weren't sure where to begin, you've come to the right place. Nowadays, it's not just about PC games anymore, but mobile games are everywhere, from smartphones to tablets, and even old-school consoles. However, for the best gaming experience, PC gaming is still your best bet. It's not like other platforms are bound, they're just limited. Because of the PC gaming environment, there's more freedom, which holds the platform forward and encourages innovation. People are not tied to one platform and the way games are played, they can experiment with different computing environments and even play "mixed," which means different games with different
